Higher SDD Worksheet 1 – Record Structures

Name

1. Define a record structure for the following information.

Bank Account Num	Name	Balance	Address
19726	J Smith	12.13	10 Ayr Road
31441	L Roberts	872.12	25 Belmont Av.
87162	M Jamieson	12982.12	111 Ayr Place

```
RECORD bank IS{INTEGER accountNum, STRING Name, REAL Balance, STRING Address}
```

2. Declare an array of records using the record structure above for 10,000 bank accounts.

```
DECLARE bankaccounts(10000) AS bank
```
